

Hertsmere Mencap's Annual General Meeting Brings Our Community Together

Hertsmere Mencap held its AGM last night, bringing together members, families, staff, volunteers, and supporters to reflect on another year of achievements and progress.

The meeting highlighted the charity's ongoing commitment to providing a wide range of activities for children and adults with learning disabilities across Hertsmere. Paul Moser, Chair of Trustee, shared updates on our projects, finances, and plans for the year ahead, and thanked everyone whose dedication and support continues to make our work possible.

We are grateful to everyone who attended and contributed to a positive and productive evening. Together, we look forward to building on this momentum for another impactful year.
